**LONG LIVE THE MAOIST COMMUNIST PARTY! DEATH TO
REVISIONISM, FIGHT FOR COMMUNISM!**

Finally now, listen to this. As we see in the world, Maoism is marching unstopably to direct the new wave of proletarian world revolution. Listen well and understand! Those who have ears, use them. Those who have understanding – and we all have it – use it! Enough of this nonsense. Enough of these obscurities! Let us understand that! What is unfolding in the world? What do we need? We need Maoism to be embodied, and it is being embodied, by generating Communist Parties to drive and direct this new great wave of the proletarian world revolution that is coming.

Everything they told us, the empty and silly chatter of the famous «new age of peace». Where is it now? What about Yugoslavia? What about other places? That is a lie; everything became politicised. Today there is one reality; the same contenders of the 1st and 2nd World Wars are preparing a new 3rd World War. We should know this and we, as the children of an oppressed nation, are part of the booty. We cannot consent to this! Enough imperialist exploitation! We must finish with them! We are of the third world and the third world is the base of the proletarian world revolution, with one condition, that the Communist Parties brandish and direct! That is what we must do!

Abimael «Gonzalo» Guzmán: «The Speech from the Cage» (24.09.1992)

A disciplined Party with roots among the masses, free from subjectivism, revisionism and opportunism, which practices self-criticism, will develop and grow within the armed struggle. In this way it will overthrow the State, absorb fresh blood and free itself of bourgeois elements. In this way it will gather around itself the most progressive elements, communist directors and fighters.

**TO THE CENTRAL COMMITTEE
MAOIST COMMUNIST PARTY OF TURKEY/NORTH KURDISTAN**

Dear Comrades,

On the 24th of April, 2022 your Party, the only true Communist Party of Turkey/North Kurdistan, celebrates the 50th Anniversary of its founding. Your Party was founded by the great communist leader Comrade İbrahim Kaypakkaya as the continuation of the tradition of the original Communist Party of Turkey and through the struggle between the two lines, the white bourgeois line and the red proletarian line, by centring on the question of armed struggle as the basic question of the new-democratic revolution in your homeland. It was in the course of the theoretical struggle and the armed struggle initiated and directed by Comrade Kaypakkaya that your Party came to be born, and it was in the course of the theoretical and armed struggle directed by the Left inside of your Party, formerly known as the Communist Party of Turkey (Marxist-Leninist) and today known as the Maoist Communist Party of Turkey/North Kurdistan, that your Party was forged and matured.

Your Party is a genuine Marxist-Leninist-Maoist, Kaypakkaya thought Communist Party, which is preparing for the reinitiation of the people's war in Turkey/North Kurdistan. There is no other political party in your homeland which can lay claim to this honour. No revisionist Right-liquidationism, whether it hides behind the mantle of «TKP/ML», «TKP-ML» or «Maoist Komunist Parti», has the glorious and decisive combat tradition and the bright prospects which your Party has. We are proud to call you our comrades.

The refounding of your Party at its 3rd Congress in 2021 was a great event in the history of the communist movement of both Turkey/North Kurdistan and the world. The significance of this decisive break with revisionism lies in the fact that the flames of people's war will soon burn in your country, which forms the bridge from Europe to Asia, and it will be a shining example for the future initiation of the armed struggle in Switzerland and other European countries, and it will add more weight to the immensely strategic region of Asia, where all people's wars in the world today are being waged, and where more people's wars are being prepared, as in India, the Philippines, Afghanistan, Burma, East Bengal, Bhutan and other countries. Asia is the weakest link in the imperialist chain today and Turkey/North Kurdistan is a key part of this link, for when it breaks, so too will the old imperialist heartland be shaken to its core. The Swiss communists and revolutionary socialists look at the prospects of the Turkish and North Kurdish revolution with great enthusiasm, optimism and burning proletarian hope.

Comrades, many words can be written in your honour and many praises can be sung for you. However, the time for words is ending and the time for action is opening up. A decisive break with revisionism at a world level is taking place. A qualitative change in the relation of forces at the world level is being prepared through the armed struggles being prepared and directed by genuine communists on all five inhabited continents. The advances of your Party are playing a key and decisive role in these two processes, in reversing the dominance of counter-revolution in the world, so that the East wind shall soon once more prevail over the West wind. We are proud to stand shoulder by shoulder with you in these tumultuous times. As our late Comrade Gonzalo correctly stated: **«We are condemned to win.»**

LONG LIVE THE MAOIST COMMUNIST PARTY OF TURKEY/NORTH KURDISTAN!

ETERNAL HONOUR AND GLORY TO COMRADE İBRAHİM KAYPAKKAYA AND HIS ALL-POWERFUL GUIDING THOUGHT!

UNITE UNDER MAOISM!

LONG LIVE PROLETARIAN INTERNATIONALISM!
